

# DIAGRAM OF A VOTING AREA

## KEY FEATURES

- 1** Use visual cues, such as retractable barriers or tape, to identify the Voting Area in the space immediately outside the polling place.
- 2** Decals on the floor such as footprints or stickers saying "Please Social Distance" spaced 6ft apart to show voters where to stand.
- 3** Posters placed at the beginning of each designated line ensures voters are standing in the line most relevant for their voting needs.
- 4** Informational posters in highly visible areas onboard voters to health protocols well before entering the Voting Area.
